QUOTATION

Quote no. **DKD-CNC-001**
Date: 11 October 2026
Status: Delivered 11 October 2026

PREPARED FOR

Darkum Design
Attn: Heba Farouk and Nourhan Osama
Heliopolis, Cairo, Egypt

SCOPE

CNC cutting files for decorative lattice panels, based on the reference image supplied on 11 October 2026. This work is separate from, and not included in, the website and branding package agreed on 16 August 2026.

Description	Qty	Amount (EGP)
Pattern reconstruction 10-point star lattice rebuilt from the supplied reference image as straight-line, perfectly symmetric vector geometry, ready for CNC	1	1,000
Production panel files 20 x 90 cm (one column) and 50 x 90 cm (three columns), each as DXF, SVG and 1:1 scale PDF	2	600
Rush delivery Same-day turnaround (+25%)		400
Subtotal		2,000
First order welcome discount (100%)		- 2,000
Total		**EGP 0**

WHAT'S INCLUDED

- Clean vector rebuild of the pattern, not an automatic trace, so every line is straight and every repeat is identical
- DXF files in millimeters, with the panel outline and the cutouts on separate layers, plus SVG and 1:1 PDF
- Cutouts too narrow for the cutting tool removed, so the files run cleanly on the machine
- Same-day delivery

NOT INCLUDED

- CNC machining, materials and finishing (paid directly to the workshop)
- New patterns or additional panel sizes (quoted separately, or covered by a monthly plan)

FUTURE ORDERS

- **Each job:** quoted per job, with a minimum charge of EGP 500
- **Rush delivery:** +25% for same-day turnaround
- **Monthly plan:** for regular orders, a monthly plan covers your CNC files and mockups at a lower cost per job, with priority turnaround. Ask for details.

This first order is complimentary, as a welcome. Thank you for your continued trust.
